INTRODUCTION

Welcome

The staff and administration at Northwestern Jr./Sr. High School would like to extend a warm “Welcome Back” to students and parents at the start of the 2018-2019 school year! We hope that this year is rewarding and that you find your experience at Northwestern Jr/Sr. High School to be memorable!

Towards that end, we have provided you with this handbook. The handbook contains the “stuff” that you will need as you navigate your academic year. **Please be sure that you and your parents or legal guardians read all of the information contained within this handbook together.** The handbook contains the various rules and regulations by which students are expected to operate, but it also contains a good deal of information about other things that are happening at Northwestern Jr/Sr High School. This handbook was designed with you in mind, and we hope that it is useful for you!

Finally, we extend an open invitation to all students and parents to get involved in life at Northwestern Jr/Sr High School. Whether you join a club, play a sport, participate on a committee, or come to parent/teacher conferences, your participation, input and feedback are valued and important to us. This is, after all, your school and your education! We are pleased to be able to work with you this year as you continue on your journey!

ACADEMIC INFORMATION

College Admission Requirements

Four-Year College

The Ohio Board of Regents has established the following core of subjects for admission into state supported universities. This core should be the minimum college preparatory program.

❖ English	4 credits
❖ Social Studies	3 credits
❖ Math	4 credits
❖ Science	3 credits (including Biology, Chemistry and/or Physics)
❖ Foreign Language	2 credits of the same language
❖ Fine Arts	1 credit (7-12)

Two-Year College

The requirements at the various two-year colleges vary depending upon the program that a student chooses.

College Days/Job Shadowing Procedures

A college visit is critical when deciding which school to attend. Seniors and juniors may be excused from school to visit a campus during the school day. If students are to be excused for college visits, they will need to bring a note to the Guidance Office from their parents at least one day prior stating that the student is making a college visit. The student will receive a form that the college will complete. (This form needs to be returned to the attendance office for the visit not to count as an absence.)

Job shadowing is a process that can help students make decisions about career opportunities that might be part of their future. Students will contact an individual or an agency and make arrangements to job shadow. The Guidance Office needs a note from the parents at least one day prior including the date and person who is being shadowed. The student will receive a form that needs to be signed by the person being shadowed. (This form needs to be returned to the attendance office for the visit not to count as an absence.)

Juniors and Seniors may take up to 4 days for college visits or job shadowing. Sophomores and Freshmen may take up to 2 days for job shadowing. (Administration may approve more days if deemed necessary.)

Credit From Other Sources

Beginning in the 2013-2014 school year, Northwestern High School students may “waive” the credit requirements for Physical Education as set forth in Northwestern Local School Board Policy 5460 and O.R. C. 3313.603. Students choosing to “waive” the credit requirements for Physical Education must complete two (2) entire seasons of marching band, cheerleading, or a sport in good standing as recognized by the Northwestern Local School Board. Other club sports not recognized by the Northwestern Local School Board of Education will not be eligible for “waiver”.

A student with an injury verified by the trainer or a physician who completes the season will still be eligible for the “waiver”. The student must attend all practices and contests while injured unless specified by the physician and must complete physical conditioning / rehabilitation as prescribed by the doctor.

An athlete competing in dual sports and/or band and a sport in the same season will be eligible for the “waiver” for both activities. The high school principal has the final determination.

Grade Level Placement

Grade placement at Northwestern High School is determined by the student’s success in the previous school year.

- ❖ 9th grade - completion of the 8th grade
- ❖ 10th grade - completion of 4.5 credits
- ❖ 11th grade - completion of 10 credits
- ❖ 12th grade - completion of 15 credits

Grading Scale

Northwestern Jr/Sr High School uses the following grading scale:

No quarter grade will be lower than the equivalent of 50%. The building administrator(s) may override this policy in the final grading period of a course.

Graduation Requirements

The graduation requirements for the classes of 2018 and beyond include curriculum and three options to show readiness for next steps in college and careers.

Credit Requirements

English language arts	4 credits
Health	½ credit
Mathematics	4 credits (including Algebra II or its equivalent)
*Physical Education	½ credit (two semesters)
Science	3 credits (1 credit biological, 1 credit physical required)
Social Studies	3 credits (American History, Gov't and World History)
Fine Arts	1 credit or (2) ½ credits
Electives	5 credits (must choose from foreign language, fine arts, business, career-technical education, family and consumer sciences, technology, agricultural education or English Language Arts, Mathematics, Science or Social Studies courses that are not required.)
Electives	1 ½ credits of any subject area

*Students can have the ½ credit of PE waived if they use the PE waiver.

Total Required Credits = 21.5

AND MEET ONE OF THE FOLLOWING THREE:

Ohio's State Tests:

Students earn a cumulative passing score of 18 points, using seven end-of-course state tests. To ensure students are well rounded, they must earn a minimum of four points in math, four points in English and six points across science and social studies.

End-of-course exams are:

- Algebra I and geometry
- Biology (Physical Science Class of 2018 only)
- American history and American government
- English I and English II

Students studying courses in American history, American government, physical science, or Biology may substitute grades from College Credit Plus courses in these subjects for end-of-course state exams.

Industry credential and workforce readiness:

Students earn 12 points through a State Board of Education-approved, industry-recognized credential or group of credentials in a single career field and achieve a workforce readiness score on the WorkKeys assessment. The state of Ohio will pay one time for students to take the WorkKeys assessment. At Northwestern, students can earn industry credentials in Information Technology.

College admission test:

Students earn “remediation-free” scores in English language arts and mathematics on a nationally recognized college admission exam. The state of Ohio will pay one time for all 11th grade students in the classes of 2018 and beyond to take the exam.

Honors Diplomas

The Ohio Department of Education recognizes six honors diplomas:

1. Academic Honors Diploma
2. International Baccalaureate Honors Diploma
3. Career Tech Honors Diploma
4. STEM Honors Diploma
5. Arts Honors Diploma
6. Social Science and Civic Engagement Honors Diploma

For specific criteria please refer to the Ohio Department web site
(www.education.ohio.gov)

Quarterly Assessments & Semester Exams

The Jr/Sr high school provides students with an opportunity to take comprehensive quarterly assessments/semester exams during and at the end of each semester. All courses in high school require students to take either quarterly assessments or semester exams that count as 1/7 of the semester average. Under special circumstances provided through the Renaissance Program, some high school students are exempted from taking quarterly assessments/semester exams with prior office approval only.

Valedictorian and Salutatorian Selection Process Rubric

1. Rigor of curriculum is defined as below:

Foreign Language III	1 point
Foreign Language IV	1 point
(Note: Students who take Language I & II and Language I & II of two different languages will be allotted 1 point.)	
Adv. English 9	1 point
Adv. English 10	1 point
CCP/AP Language & Composition	1 point
CCP/AP Literature and Composition	1 point
Pre-Calculus	1 point
CCP/AP Calculus or AP Stats	1 point
CCP/AP Biology	1 point
CCP/AP Chemistry	1 point
Physics	1 point
Adv. World History	1 point
CCP Adv. American History	1 point
CCP/Adv. Government	1 point
All AP or CCP classes on the rubric completed at NWHS	1 point
Possible Total	15 points

2. Using each student's un-weighted GPA, the top 7% of the senior class will be determined.
3. The top 7% of the class will be narrowed to the top 5 students (or all students with a 4.0 GPA or all 15 points).

The student with the most points and highest G.P.A. is the Valedictorian. If there is a tie, each is awarded the title of Valedictorian. The student with the second highest points and G.P.A. is Salutatorian. If there is a tie, each is awarded the title of Salutatorian. CCP classes will each be allotted 1 point if substituted for one of the above courses. Any course taken must be of a similar nature to the course for which it is substituted and be pre-approved by the high school principal.

GENERAL INFORMATION

Announcements

Announcements of events and activities will be made in a variety of ways: intercom, teachers in the classroom, students, posters, and signs (all posters and signs must have administrative approval before being hung throughout the school). Students are expected to keep themselves informed concerning all activities of the school. Daily announcements by intercom will be read during PRIDE, posted on the bulletin, and posted on the web-site.

Assemblies

At various times during the school year assemblies will be scheduled. All students will attend assemblies. The content of assemblies covers a wide range. Some are educational, some are for enjoyment, and some are serious in nature. Students are expected to behave in a manner that is consistent with the purpose of the assembly (that is, quiet and attentive in an educational assembly, versus having some freedom to be louder in a pep assembly). Additionally, all students should sit in their assigned areas with their teachers during all assemblies.

Change of Address

It is important we know the current address, telephone number, and work number of each parent of each student. If you have a change of address or telephone number, promptly inform the school office of this change. Emergency Medical Forms may also need updated.

Dates in the Agenda Section

For your convenience, we have included significant school events and athletic events in the calendar section of this handbook. Please be aware that these dates were entered in May of 2018. Unforeseen circumstances (calamity days or other unanticipated events) may require that some dates be changed. As always, to get the most up to date information please contact the school office at 964-1324; visit the school web site at www.northwestern.k12.oh.us; or call the Athletic Department at 964-6022. Additionally, all athletic schedules are available at: www.highschool-sports.net.

Directory Information: Notice of Release Upon Request

Northwestern Local School District is required to make available, upon request, certain information known as “directory information.” The Board has designated the following as “directory information”:

- ❖ a student’s name;
- ❖ address and telephone number;
- ❖ date and place of birth;
- ❖ major field of study;
- ❖ participation in officially-recognized activities and sports;
- ❖ height and weight, if a member of an athletic team;
- ❖ dates of attendance;
- ❖ date of graduation;
- ❖ awards received, honor rolls, or scholarships.

Parents and eligible students may refuse to allow the Board to disclose any or all of such “directory information” upon written notification to the Board within ten (10) days after receipt of this notice. Directory information will not be provided to any organization for any profit-making purpose. At the end of this handbook is a form that may be used by parents or eligible students who do not want directory information released to anyone. This form must be returned to Northwestern Jr/Sr High School within ten (10) days of receipt of this handbook or the Board will conclude that the release of directory information is permitted.

Any parent or student who believes that the School District has failed to comply with the Family Education Rights and Privacy Act (FERPA) or the Protection of Pupil Rights Amendment (PPRA), may file a complaint directly with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202 - 4605.

This Notice will be transmitted to disabled parents and students or to non-English speaking parents and students in a format designed to accommodate their disability or in their native language. Call the Office of the Superintendent at 964-1318 for assistance and information.

E-Mail to School Staff

To email a staff member at Northwestern Jr/Sr High School, one only needs to put the staff member’s last name followed by first initial with the domain name: @nwlschools.org. For example, if there was a teacher at Northwestern High School named John Doe, his email address would be doe.j@nwlschools.org.

Emergency Drills

It is essential that all students become familiar with the emergency drill routes posted in each classroom. The fire, tornado, and lockdown drills are different. Please know the procedure for each. Your teachers will instruct you during the first week of school about the procedures for each drill. Drills are to be taken seriously. Classes are to stay together and with their teacher.

Equal Opportunity

The Northwestern Board of Education declares it to be the policy of this District to provide an equal opportunity for all students, regardless of race, color, creed, disability, age, religion, gender, ancestry, national origin, place of residence within the boundaries of the District, or social or economic background, to learn through the curriculum offered by this district. If anyone feels they have a complaint concerning these principles, they can bring that complaint to the District’s Civil Rights Coordinator, at the Board of Education Office at 964-1318.

Guidance Services

The services of the Guidance Department are designed to help students solve problems and to give our students additional aid so that they may secure the best preparation possible for the demands of our society. Some examples of the services our guidance department offers include:

1. **Information Services** - Current and reliable information dealing with careers, colleges, and scholarship is available in the guidance office.
2. **Pupil Appraisal and Record Services** - The Guidance Department coordinates the standardized testing of all students.
3. **Counseling Services:** Personal, academic, career, and crisis counseling are available.
4. **Consultative Services** - The Guidance Department confers with parents, teachers, social service agencies, and community workers to assist in effectively meeting student needs.
5. **Parent Conference Service** - Counselors actively plan and participate in parent conferences.
6. **Resource Coordination Service** - Counselors play an active role in referring students to appropriate pupil personnel specialists when they are needed.
7. **Placement Services** - These services are designed to assist students in making a smooth transition from one level of education to another and from school to employment.

Home Tutoring

Those students who are home bound for twenty (20) or more continuous school days due to illness or physical disability may have home bound tutoring paid for by the Board of Education. The school will require a doctor's certificate for this purpose. This is state law. Applications for home tutoring may be obtained through the superintendent's office.

Insurance

At the beginning of school, students are given the opportunity to insure against financial loss resulting from accidents occurring on the way to or from school and while in school during the day. In case of an accident, students should report the injury to the teacher in charge of the class, report the injury to the office, and secure a claim form from the office. Instructions for settlement are on the claim form.

Media Center

The Northwestern Jr/Sr High School Media Center operates under the following rules:

1. If the student knows that he/she will need to come to the media center to do reference work, teachers giving the assignment should sign the agenda book before that period.
2. No food, drink, or gum is permitted in the Media Center.
3. Students should bring enough work to keep busy for the period. No one will be permitted to go to lockers.
4. All areas of the Media Center are quiet areas. There is no socializing.
5. Students can get an Internet connection with a signed Computer Network Student Agreement (Northwestern Local Schools Acceptable Use Policy).

Schedule Changes

The Guidance Department has worked very hard getting students scheduled in the courses requested. Once School has started schedule are set and will not be changed. Students are permitted to drop a class only upon the recommendation of the teacher and with the approval of the guidance counselor and/or principal. Dropping a class after the 5th week of the course will result in taking an “F” for the year and a zero will be averaged into the cumulative grade point average.

School Closings

In the case of an emergency or severe weather, the official announcement for school closings will be made via the One Call Now phone service. The One Call Now system delivers automated phone calls within minutes. Information may also be obtained on radio and/or television stations. Additionally, we will post school closing information on the Northwestern School’s web site. We ask all parents and students to make provisions ahead of time for what their son or daughter should do if school is released early.

Please verify family contact data for One Call Now at www.onecallnow.com

Student Fees, Fines, And Charges

The Board of Education will provide the necessary textbooks and/or electronic textbooks required by the course of study free of charge for its students. The Board may, however, need to levy certain charges to students to facilitate the utilization of other appropriate learning materials used in the course of instruction. If the District determines that a student is in serious financial need, it may choose to provide any or all such materials free of charge.

A charge shall not exceed the combined cost of the material used, freight and/or handling charges, and nominal add-on for loss. Money received from resale of such material shall be returned to the Treasurer with an accurate accounting of all transactions. When school property, equipment, or supplies are damaged, lost, or taken by a student, a fine will be assessed. The late return of borrowed books or materials from the school libraries will also be subject to appropriate fines. The fines will be reasonable, seeking only to compensate the school for the expense or loss incurred. In general, if there is damage to any of the pages of the text, the student may be charged the cost of a replacement used textbook. If the cover of a book is damaged, the student may be charged a re-bind fee. Any fees, fines, and/or other charges collected by members of the staff shall be turned in to the Treasurer within one (1) business day after collection.

In accordance with O.R.C. 3313.642, failure to pay fees and fines may result in the withholding of grades and credit. In the event the above course of action does not result in the fee being collected, the Board authorizes the Treasurer to take the student and/or his/her parents to Small Claims Court for collection or refer to the county prosecutor.

Nothing in this policy restricts the right of access of a parent or student to school records or to receive copies of such records, as required by Federal and State laws.

Student Records

The Northwestern Local School District Board of Education has adopted a policy regarding the disclosure of educational records and the rights of parents and students to access educational records. Copies of this policy and related guidelines are located in all school buildings and individual copies are available from the District's Records Officer ("DRO"). The DRO is responsible for the supervision of student records in the school and his/her office is located at 5610 Troy Road, Springfield, Ohio 45502 or s/he can be reached by calling 964-1318.

Each student's records will be kept in a confidential file located at the student's school office. The information in a student's record file will be available for review only by the parents or legal guardian of a student, adult student (eighteen (18) years of age or older), and those authorized by State and Federal law and Board policy/guidelines. State and Federal law permits access by school officials who have a legitimate educational purpose. School officials for purpose of the Board's policy include a person employed by the Board as an administrator, supervisor, teacher/instructor (including substitutes), or support staff member (including health or medical staff); a person serving on the Board; a person or company with whom the Board has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks (including volunteers). An individual will have a "legitimate educational purpose" if the record is necessary in order for the school official/employee to perform an administrative, supervisory, or instructional task or to perform a service or benefit for the student or the student's family.

A parent or adult student has the right to:

1. Inspect and review the student's education records within forty-five (45) days after receipt of the request. The school has a form which can be used to submit a request. The Custodian of Records ("COR") (building principal) will notify the parent or adult student of the time and place where the records can be inspected. Parents and adult students are not permitted to inspect and review the educational records of other students. If there is a valid reason why a parent or student cannot personally inspect and review a student's educational records, or if the parent or student specifically requests copies of educational records, the COR may arrange for copies of the requested records to be delivered to the parent or student directly. The Board may charge a reasonable fee for the copying of records, which may be waived under circumstances of unusual hardship. A fee of \$2.00 per transcript request will be charged for all alumni.
2. Request amendments if the parent or adult student believes the record is inaccurate, misleading, or otherwise in violation of the student's privacy rights. Parents or adult students who believe that a change is necessary should immediately ask the COR to correct the record. If the record is not changed to the parent's or student's satisfaction or if the COR informs the parent or student that the record does not appear to be misleading, inaccurate, or in violation of any privacy right, the parent or student will be asked to submit a written statement indicating the basis for his/her request for a change. This written statement will initiate the review process which may ultimately result in a hearing on the matter before a hearing officer and a final decision by the Superintendent. A parent or student who remains dissatisfied with

the final decision of the Superintendent may request that an explanatory statement be placed in the student's file explaining the basis for the disagreement. The school has a form which may be used to identify which information in the record the parent or adult student believes is inaccurate, misleading, or a violation of the student's privacy rights, and to specify why it is inappropriate.

3. Consent to disclosures of personally identifiable information contained in the student's educational records, except to those disclosures allowed by the law. The school's administrative guideline 8330 describes those exceptions and is available upon request.
4. Challenge the Board's noncompliance with a parent's request to amend the records through a hearing. If the Custodian of Records decides not to amend the record, the parent or adult student will be so notified and provided the opportunity for a hearing. Additional information concerning the hearing will be provided when the individual is notified of the opportunity for a hearing.
5. Obtain a copy of the District's policy and administrative guidelines on student records (Policy 8330 and AG 8330).

Any parent or student who believes that the School District has failed to comply with the Family Education Rights and Privacy Act (FERPA) or the Protection of Pupil Rights Amendment (PPRA), may file a complaint directly with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202 - 4605.

Valuables

Students should not bring large sums of money or other valuables to school. The school will make a reasonable effort to recover stolen or lost property, but the school shall not be liable for these items if the student does not recover them. There is a designated lost and found box in the office. If something is missing, check in the office periodically to see if it has been returned.

Visitors

Every visitor is required to report to the building administrator's office and have administrative approval to be in the building. Students are not permitted to have non-parental visitors during the day or visitors during lunch.

Parent visitation to the classroom: Should a parent request to visit his/her child's classes, this may be arranged by contacting the building principal 24 hours prior to his/her visit. As always, parents are required to report to the office upon entering and leaving the building.

Withdrawals

Students withdrawing from school must fill out the proper forms, including obtaining signatures from each teacher, counselor, librarian, and parents and/or guardians. Students and parents will also be clear all outstanding obligations before any records will be sent to another school.

Work Permits

In order to work, students between the ages of 14 and 18 years old must make application for a work permit. Application forms for work permits are available in the office.

Attendance

Excellent Attendance = Academic Success

Punctuality and regular attendance are of prime importance if you expect to benefit from and experience success in school. The habits of punctuality and good attendance start in elementary grades and continue to develop throughout a student's years in school. Perfect attendance is defined by no tardies, late arrivals or absences (excused or unexcused).

Our goal for all students is 96% attendance. This breaks down into eight days of absence per year. The State of Ohio, like most states, has compulsory attendance laws for persons less than eighteen years of age. Parents can be held legally responsible for their child's poor attendance. The state laws and local board regulations determine the absences that may be excused. Acceptable excuses for absence from school include the following (O.C.R. 3321.04):

1. Personal illness
2. Serious illness in the family
3. Death in the family
4. Quarantine of the home
5. Observance of a religious holiday
6. Emergency or a set of circumstances which, in the judgment of the administration, constitutes a good and sufficient cause for absence from school.
7. Attendance at school related events.

When a student misses school for one of the allowable reasons, we will make every effort to insure that the opportunity is available to them to make up the work. The rule of thumb in making up work is that it should be made up within the number of days absent plus one. For example, if a student is absent for three (3) days and returns to school on a Tuesday, she will have the remainder of the week (four days: Tuesday, Wednesday, Thursday and Friday) to submit all missed work.

Absence(s)

When a student is absent a parent must call the school office by 9:00 a.m. to inform the school that the student will be out. Unless we are notified by a parent, we will make an attempt to contact the parents of the child who is absent. If the parent did not call the school on the day of the absence, the student is required to bring a note to the office window before school begins on the day they return to school. If no note or parent contact is provided, the absence is unexcused.

Attendance Definitions

- ❖ Tardy - Any time a student arrives at school after the first bell and within the first half-hour of the school day, he or she will be considered tardy and issued a consequence from the office. Students who are tardy to class (including 1st period) will be issued a consequence according to teacher classroom management plan.

Absence - Students who arrive after thirty minutes into the school day but before and up to the midpoint of the school day will be counted as being one half day absent. Students who leave after the midpoint in the day will also be counted as being absent one half day. Students who have to leave the building for medical appointments and return to the building within 1 ½ hours will not be counted tardy or absent if they bring a note from the doctor when they return. Students who have a medical appointment in the last 1 ½ hours of the school day will be required to bring the note on the following school day. Students must be in attendance for a full day in order to participate in an extra-curricular activity that particular day. In extenuating circumstances (i.e. funeral), a building administrator can approve absences that do not fall under the definitions above.

The following action will be taken when a student is tardy/late to school:

- ❖ After being tardy/late twice in a semester: The student will sign a tardy log in the high school office, and be informed that the next tardy will result in a detention.
- ❖ After being tardy/late three and each time after in a semester the student will be issued a lunch detention.

Any unusual or extenuating circumstances will be subject to building administrator inquiry/approval.

When a student has accrued six (6) absences in any semester, the following shall apply:

1. An alert letter will be sent home.
2. Once a student has accrued six (6) absences in a semester, all future absences must be excused by a note from a licensed physician or doctor. The administration shall have the discretion, however, to consider extenuating circumstances (e.g., funerals, family emergencies, etc.) when determining when to place a student on doctor's verification status.
3. For students on the doctor's verification list, all absences beyond six (6) days in any semester without a note from a licensed physician or doctor will be deemed to be unexcused absences.
4. If students continue to build unexcused absences and become habitually or chronically truant (as defined by Senate Bill 181), the student (parents or legal guardians may also have juvenile neglect charges filed) shall have truancy charges filed against him/her in Clark County Juvenile Court. Other sanctions (e.g., school discipline, suspension of driving privileges, etc.) may also apply.

Unexcused Absences/Truancy-Truancy/unexcused absence is defined as the absence of a student from school or from his/her assigned area for other than an accepted valid reason, as defined in the Ohio Revised Code (RC 3321.04) or the provisions of this handbook, for all or part of a day when school is in session. Even when the absence has occurred with parental knowledge and consent, the administration need not accept as valid the reason given for absence (e.g. Senior Pictures, Drivers Examination, trips to the salon, etc). Students who are excessively absent without legitimate excuse may be referred to the Clark County Municipal Court, Juvenile Division.

Ohio Revised Code (RC 2151.011) defines a Habitually Truant student who is absent without legitimate excuse, 30 consecutive hours, or 42 or more hours in a month, or 72 or more hours in a school year.

Additionally, the State of Ohio (RC 3321.13) has made regular school attendance one of the conditions to hold a driver's license. The state guidelines state that when a student has been absent without legitimate excuse more than 60 consecutive hours in a single month, or at least 90 hours of unexcused absence during a school year, his/her driving license will be suspended. Driving licenses may also be suspended if a student drops out of school, or is expelled for a drug or alcohol related violation.

In addition to the sanctions mentioned above, disciplinary consequences will also occur at the school level. Northwestern Jr/Sr High School is committed to high attendance standards, and consequences for excessive unexcused absences will be applied at the discretion of the administration. Finally, students who are truant or unexcused absent from school will not be given credit for the work that they miss. Under special circumstances, students may be able to make up work at teacher discretion.

Family emergencies/Family vacations/Extenuating circumstances-We realize that there may be occasions where a student has a valid reason to be absent, with their parents' consent, that does not fall within the reasons for excused absence. An example of this would be family vacation. **In situations like this, the high school attendance secretary must be notified in writing or via telephone by the student's parent/guardian prior to the intended absence.** If the nature of a family emergency prevents the parents/guardians from notifying the school until after the absence has occurred, the parents/guardian should notify the school as soon as practicable either in writing or via telephone. All unusual circumstances will be subject to the building administrator's inquiry/approval, and the administration will judge the merits of the absence to determine whether it is excused.

Bus Safety Code

The privilege of riding a school bus will exist for eligible students as long as proper conduct warrants this service.

A. Expectations

1. While waiting at the bus stop, students will stand on the sidewalk or designated area in a quiet, orderly manner; and they will demonstrate proper care and respect for the yards and property of their neighbors around the stop.
2. Absolute quiet is to be maintained when the bus driver requests it, especially at railroad crossings and other dangerous areas.
3. When it is necessary to cross the road, either to or from the bus, it shall be done in front of the bus and only when so directed by the bus driver.
4. Students will line up in an orderly manner prior to entering or leaving the bus.
5. Students will obtain the bus driver's approval prior to boarding the bus with any type of animal, insect, dangerous material, or dangerous object.

B. Operation and Safety Rules

The Board of Education empowers its school bus drivers with the necessary authority and/or responsibility to maintain control of the pupils on a bus, entering a bus, leaving a bus, or interfering with the proper operation of a bus and its purpose of transportation of pupils.

Students are required to follow all rules and procedures established by the bus driver and the Student Code of Conduct. In addition, students are required to comply with the following regulations:

1. Pupils shall arrive at the bus stop before the bus is scheduled to arrive.
2. Pupils must wait in a location clear of traffic and away from the bus stop.
3. Behavior at school bus stop must not threaten life, limb, or property of any individual.
4. Pupils must go directly to an available or assigned seat.
5. Pupils must remain seated, keeping aisles and exits clear.
6. Pupils must observe classroom conduct and obey the driver promptly and respectfully.
7. Pupils must refrain from using profane language.
8. Pupils must refrain from eating and drinking on the bus except as required for medical reasons.
9. Pupils must not use tobacco on the bus.
10. Pupils must not have alcohol or drugs in their possession on the bus except for prescription medication that is required by a student and has been approved by the school.
11. Pupils must not throw or pass objects on, from, or into the bus.
12. Pupils may, with the approval of the bus driver, carry on the bus only objects that can be held in their laps.
13. Pupils must leave or board the bus at locations to which they have been assigned unless they have parental and administrative authorization to do otherwise.
14. Pupils must not put head or arms out of the bus window.
15. Video cameras may be used on buses and the film may be used for discipline procedures. Parents may only view the video if their child is the only child in the video.

C. Transportation Disciplinary Action

Students who violate the Student Code of Conduct or the aforementioned regulations while under the authority of a school bus driver may be disciplined by the appropriate school administrator or designee in a manner deemed appropriate and adequate. This disciplinary action may include, but is not limited to, one or more of the following.

1. Loss of school privileges.
2. Detention before or after school.
3. Assignment to Friday School or ISS.
4. Emergency removal from the school bus.
5. Suspension and/or expulsion from bus transportation privileges.
6. Suspension and/or expulsion from school.

Other Considerations of Bus Ridership

Students are not permitted to switch bus stops. Bus stops are assigned by the transportation supervisor and any student not using his/her assigned bus stop may be denied transportation. Students, while on the bus, are the district's responsibility. Responsibility begins with pick-up and ends with drop-off. Parents are responsible for the safety of their child while going to or from the bus stop and while waiting for the school bus, including waiting for a school bus in a location clear of traffic and away from the bus stop. Parents are also responsible for their child being at the bus stop prior to scheduled pick-up time. Students, while on the bus, are under the authority of the bus driver.

Students will ride only assigned school buses and will board and depart from the bus at assigned bus stops. Parents may request, through the building principal, for students to be dropped off at the home of another student only when both sets of parents have been contacted by the building principal and permission secured. Students should not be permitted on a different bus unless they have a note signed by the principal.

A change in a student's regular assigned bus stop will only be granted at the beginning of a nine (9) week grading period. Students may have one (1) assigned stop for pick-up and one assigned stop for drop-off. To change a stop the parent will be required to submit a note to the building principal stating the reason for the change.

A permanent transfer to another route or bus stop for morning pick-up and/or afternoon drop-off will only be made upon the approval of the Transportation Supervisor.

The following cargo is forbidden to be transported on a school bus: pets, alcoholic beverages, drugs, tobacco, ammunition, explosives, firearms, knives, or any other dangerous materials or objects. If there is a question on the transportation of a particular item, the Transportation Supervisor should be consulted.

Video cameras may be used on buses and the film may be used for discipline procedures. However, under the Family Educational Rights and Privacy Act (FERPA), the parent may only view the video if his or her child is the only student in the video. Typically, the video would reveal the behavior of other students as well, and therefore, it would contain personally identifiable information of other students that cannot be viewed by any parent.

Removal of Bus Riding Privileges

Students on a bus or other authorized Board of Education transportation vehicles are under the authority of and directly responsible to the bus/vehicle driver. The driver has the authority to enforce the established regulations for bus/vehicle conduct. Disorderly conduct or refusal to submit to the authority of the driver will be sufficient reason for refusing transportation service to any student.

A student may be suspended from school bus/vehicle riding privileges for all or part of a school year for any violation of established regulations for bus conduct and/or for conduct occurring on the bus/vehicle in violation of the Student Code of Conduct/Student Discipline Code.

Before a suspension from bus/vehicle riding privileges is imposed, the Superintendent or other designated District personnel will provide a student with notice of an intended suspension and an opportunity to appear before the Superintendent or other designated District personnel. Disciplinary suspension periods will be commensurate with the infraction(s) committed as determined by the Superintendent or designated District personnel.

Students posing an immediate danger to persons, property or to the safe operation of the school bus may be immediately removed from the vehicles. In these cases, notice will be provided to parent or guardian as soon as possible, but not later than seventy-two (72) hours after the incident.

Cafeteria

Food Services staff at Northwestern Jr./Sr. High School provide the opportunity for our students to purchase a plate lunch, or students can pick and choose their food items “a la carte.” Students have a thirty minute lunch period during their fifth period class. The following conduct shall apply while students are in the commons:

- ❖ Parents are permitted to bring in food for their child(ren).
- ❖ All lunches are to be eaten in the commons area.
- ❖ Students should not sit on tables.
- ❖ Students are not permitted to leave the school grounds during lunch.
- ❖ Students should demonstrate courteous behavior at all times in the lunch line.
- ❖ Book bags should be left in the commons before students go through the cafeteria line.
- ❖ Students are responsible for disposing of all trash.

Detention Policy

If you are assigned a detention by a teacher, the following procedures will be followed:

1. Students will receive a copy of the detention slip with the consequences indicated. Students are asked to sign the slip. If a student refuses to sign the detention slip, the teacher will indicate this on the slip.
2. Detention will start each day in an assigned room at 2:30 p.m. and will end at 3:00 p.m. Additionally, students may be assigned lunch detentions which will take place during the student’s lunch period (either A, B, or C lunch). The student will eat his/her lunch in an assigned area.

3. **The school is not responsible for transportation after detention.**
4. In general, detentions will be assigned to begin the day following the infraction. A student may be granted an extension for work or medically related appointments (this applies only to after school detentions). Students will be excused from detention only for emergency reasons and they need to have the absence approved in advance by an administrator. Any excuse must be in writing and signed by the parent or guardian prior to the time the detention is to be served.
5. If a student fails to report for detention on the assigned night or lunch period, it will be considered non-compliance and an additional detention will be added. Further unexcused absences from detention will result in additional consequences at the discretion of the administration.

Driving Rules and Regulations

The following rules shall apply for all student drivers while on Northwestern Local Schools' property. Violation of these rules may result in disciplinary action, the suspension of driving privileges, or both:

1. Each student who intends to operate and/or park a motor vehicle on Northwestern Local Schools property, including students who do not attend Northwestern on a full-time basis (i.e., CTC students, PSEO students, etc.), must fill out and return an application to the high school office and pay \$10.00 for a parking registration pass. Note that this form must be signed by a parent or legal guardian.
2. All vehicles parked on school grounds must display the current school year parking pass on the rear view mirror at all times.
3. Students will be issued a numbered parking spot at the front of the building.
4. Students must be licensed and have valid insurance. Northwestern Local Schools are not responsible for the vehicles or its contents.
5. Upon arriving at school, students should report immediately into the building. Students should not loiter in their cars or stand and loiter in the parking lot.
6. Students are expected to operate their vehicles in a safer manner at all times. Examples of unsafe driving (includes but is not limited to) speeding, squealing tires, reckless operation, etc.
7. Student vehicles are subject to search upon the reasonable suspicion of an administrator that the vehicle may contain drugs, alcohol, tobacco, stolen property, weapons or other contraband prohibited by the Code of Conduct or the law.
8. The application/registration will be kept on file in the office and students are responsible for updating the information on the registration (e.g., change in license plate, new vehicle, etc.).

Food and Drink

Students are permitted to have food and drinks in the classroom during 1st Period. The type (s) of food and drinks permitted may be different for each individual teacher's classroom.

Students are only permitted water in the classrooms and food at the discretion of the teacher.

Gang Policy

The Northwestern Local School District recognizes that a school must create a safe environment conducive to learning. The presence of school gangs disrupts the environment by threatening the safety of the students and by disrupting the academic process. In accordance with Northwestern Board of Education Policy 5840, the Northwestern Local School District bars all gangs and gang-related activity from occurring in school buildings and on Board-owned property, or while students are under the auspices of the Board. A record of all known gangs and members of such gangs will be shared with local law enforcement officials. Gangs, gang activity and the wearing of gang-related clothing shall be considered a serious offense and may result in expulsion from school for any student(s) engaging in these activities.

Hall Passes

Northwestern Jr/Sr High School uses the agenda books as hall passes. Students should carry their agendas with them at all times when they are in the hall. **A teacher's signature is necessary to be out of class.**

Illness at School

Students are permitted to visit the nurse/clinic if they have a pass from a teacher. Should a student's situation require dismissal to go home, a parent must be contacted before the student leaves the building. In the event that contact cannot be made with a parent/legal guardian, the school may also call the emergency contact(s) listed on the Emergency Medical Form. Students who fail to sign out or stay in the restroom without advising the office will be considered truant.

Lockers

A locker with a combination lock is assigned to each student at the beginning of the year. Prior to school all lockers are cleaned and repaired. Students are responsible for the condition and contents of their assigned locker and will be assessed for damages. Any damage to the locker should be reported to the office immediately. The school is not responsible for lost or stolen items. **Locker combinations should not be given to anyone.** To help insure that the lock is secure, spin the dial after shutting the door.

Physical Education lockers should be used and locked during physical education classes. All clothing and valuables should be stored and locked in lockers during class time. **Sharing lockers is discouraged.** The lockers are the property of Northwestern Jr./Sr. High School and are subject to random searches by authorized school personnel, the sheriff's department, or the canine unit. All **contents** kept within student lockers are also subject to search.

Medications

Medication refers to both prescription and non prescription drugs. In both cases a written request is required before the medication can be administered by school personnel. No student shall carry or administer his or her own medication without prior authorization from the office. Students can pick up a medication form in the office. The form should indicate the name of the medication, the dosage, the time and duration of medication and any possible side effects. When you bring the medication to school it must be in the original bottle with the student's name, name of the medication, dosage, route of dosage, and the time of dosage clearly indicated on the bottle. If you have any questions about this process please come to the office for assistance.

SEARCH AND SEIZURE / INTERROGATION (Board of Education Policy 5771)

A. Search of a Student or Personal Property by School Authorities

If an administrator has a reasonable suspicion that a student possesses a dangerous, illegal, or stolen item, or is in possession of an item, which violates the Student Code of Conduct, the administrator may search the student, his/her cell phone or his/her personal property and may remove the item.

B. Search of Lockers and Other School Property by School Authorities

The Board acknowledges the need for in-school storage of student possessions and shall provide storage places, including desks and lockers, for that purpose. Such spaces remain the property of the Board and, in accordance with law, may be the subject of random search, where locks are provided for such places, students may lock them against incursion by other students, but in no such places shall students have such an expectation of privacy as to prevent examination by a school official.

C. Interrogation by Non-School Agents (Board Policy 5540)

The Board of Education is committed to protect students from individuals not associated with the school system but also recognizes its responsibility to cooperate with law enforcement agencies and the Department of Social Services. When such agencies request permission to interrogate a student at school, the principal shall:

- A. Attempt to notify the student's parents, when appropriate;
- B. Ensure that the agency has informed or will inform the parents, when appropriate.

Whenever it has been determined that an agency has a legitimate purpose in interrogating a student within the confines of the District, the principal or representative shall be present throughout the proceedings.

D. Removal from School by Non-School Agents

Students may be removed from the school by a law enforcement officer only after the parent has been contacted and has given consent or upon arrest of the student.

E. Interrogation by School Authorities

The interrogation of students by school authorities regarding serious acts committed within the jurisdiction of the School Board shall be held in private. Since the interrogation may result in the suspension and/or expulsion of the student, the student shall be accorded the rights and privileges outlined in the material on suspension and expulsion in this manual.

E. Search of Electronic Data

There should be no student expectations of privacy for any information contained on a school computer. The school retains the ownership and control of all hardware, software, and use privileges and, therefore, can review and inspect any related data at any time without suspicion or cause. The school reserves the right to copy and/or delete all files and records created or stored on school-owned computers and data storage media.

Signing Out

If it is necessary for a student to leave early, the student should bring a note from home stating when the student needs to leave, a parent signature, and a phone number where a parent may be reached. This note should be taken to the office before school. When the time comes for the student to leave school, they should go to the office and sign out. If someone is coming to school to pick up the student before the 2:30 p.m. dismissal bell, they must go to the office and check with one of the secretaries before the student leaves the building. We will spot check all notes for early dismissal by contacting parents at work.

Telephone Calls

By Students: Students are permitted to use the office phone.

From Parents: Messages from parents or guardians may be given to the secretary or a staff member for delivery at a convenient time. Students will not be called to the telephone or be excused to use the telephone during the school day unless there is an extreme emergency. Please do not make these calls a regular routine.

Video Camera Usage at Northwestern Jr/Sr High School

Video cameras are in use at Northwestern Jr./Sr. High School at all times of the day. The administration reserves the right to use the video cameras to aid in the investigation of incidents that occur in the building and on the premises. The Northwestern Jr/Sr High School administration retains the sole right to inspect these video images. Under the Family Educational Rights and Privacy Act (FERPA), a school cannot release the image or likeness of a student to anyone other than the student's own parents/legal guardians. Therefore, parents/legal guardians do not have the right to inspect the video images unless their child is the only student in the video. (Typically, the video would reveal the behavior of other students as well, and therefore, it would contain personally identifiable information of other students that cannot be viewed by any parent.)

STUDENT CODE OF CONDUCT

The following code sets forth school rules prohibiting certain types of student conduct. The Student Code of Conduct is an attempt to list the major rules; but other acts not listed could be disciplined if the act is disruptive to the educational process, hinders other students' learning, or is deemed inappropriate for a school setting.

The code of regulations applies while a student is in the custody or control of the school, on school grounds or closely proximate thereto, while at a school-sponsored function or activity, or on school-owned or school-provided transportation vehicles. In addition, the Student Code of Conduct governs student activities at all times, on or off school property, when such student conduct is reasonably related to the health, safety, and welfare of students and/or staff or such conduct would unreasonably interrupt the educational processes of Northwestern Local Schools.

01 Truancy/Attendance

No student shall fail to comply with state attendance laws and district policy, including but not limited to truancy from a class or school, tardiness to a class or school. A student found to be truant will be assigned discipline ranging from Friday School to ALC.

1A. Leaving School Property

No student shall leave school property or assigned educational location once he/she has come under the supervision of a school employee or entered onto school property prior to specified dismissal times without an administrator's permission. In addition, no student shall leave the building during the school day without prior approval from an administrator.

03 Fighting/Violence/Physical Misconduct

No student shall behave in such a way that could threaten or cause physical injury to, or does threaten or cause physical injury to, school personnel, students, or visitors while under the jurisdiction of the school or on school property. Students are prohibited from fighting, hitting, pushing, and unauthorized touching.

04 Vandalism Damage to School or Personal Property

Students shall not knowingly or with reckless disregard cause or attempt to cause damage to or deface property belonging to other persons or property of the school district, including, but not limited to, buildings, grounds, equipment, materials or computers or other technology. Restitution for damages may be required.

05 Theft/Stealing Personal or School Property /Possession of Stolen Property

No student shall take nor receive or attempt to take or receive into his/her possession property of the school district or property of another student, teacher, visitor or employee of the school district without the privilege to do so.

The use, possession, sale, or distribution of a firearm on school property or at a school related function is prohibited. A firearm is any weapon which will, is designed to, or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or firearm silencer; or any machine gun. This includes zip guns, starter guns, and flare guns. Firearm look-alikes should not be reported with this option.

07 Use, Possession, Sale, or Distribution of a Dangerous Weapon Other Than a Firearm or Explosive, Incendiary, or Poison Gas

The use, possession, sale, or distribution of a dangerous weapon on school property or at a school related function is prohibited. No student shall possess, transport, transmit, and conceal any weapon, dangerous instrument or “look alike” weapon or dangerous instrument. This includes any weapon, device, instrument, material, or substance, animate or inanimate, that is used for or is readily capable of, causing death or serious bodily injury (e.g., knives, chains, and clubs). “Look alike” weapons, knives, or instrument include, but not limited to any object a reasonable person might consider under the circumstances a dangerous weapon, knife, or instrument. Additionally, no student shall use or attempt to use any device or instrument to inflict bodily harm on another person, even if that device or instrument in any other context might not be considered a weapon by a reasonable person (e.g. stabbing another person with a pencil).

08 Use, Possession, Sale, or Distribution of Any Explosive, Incendiary, or Poison Gas

The use, possession, sale, or distribution of any explosive, incendiary, or poison gas on school property or at a school related function is prohibited. This would include any destructive device, which would include a bomb, a grenade, a rocket having a propellant charge of more than four ounces, a missile having an explosive or incendiary charge of more than one-quarter ounce, and a mine or similar device. This definition would also include any weapon that will, or that may be readily converted to, expel a projectile by the action of an explosive or other propellant, and that has any barrel with a bore of more than one-half inch in diameter.

09 Use, Possession, Sale, or Distribution of Tobacco Products

Students in Ohio’s public schools are not permitted to smoke, use tobacco or possess tobacco or tobacco paraphernalia during any school-sponsored activity (this includes smokeless cigarettes and “E” cigarettes). The tobacco ban will apply to such areas and activities as: school buildings, school grounds, school buses, school field trips and extra-curricular activities.

It is against the law for anyone under the age of eighteen to use or possess tobacco products. Students under the age of 18 in violation of this policy may be referred to the police.

10 Use, Possession, Sale, or Distribution of Intoxicating Alcoholic Beverages

The use, possession, sale, or distribution of intoxicating alcoholic beverages on school property or at a school related function is prohibited.

18K. Dress and Grooming

It is our strong belief that appropriate student dress has a positive impact on student learning, student behavior, and the overall school climate and morale. High standards of expectation for student dress help send the message to students that school is an important place. We also believe that a dress code helps prepare students for the workplace where a high standard of dress is often a requirement.

We are proud of the quality of dress worn by our students and the guidance provided by parents. All clothing is expected to be in good taste, neat and clean and provide for a safe environment for students. The Northwestern Local School District is committed to providing students a quality education in an environment that prepares them for life after graduation. These standards of dress have been established to ensure such an environment where learning and preparation for the future are the top priorities. These standards are the minimum standards for dress and grooming. Sponsors and teachers of elective programs (such as vocational classes) or elective activities (such as sports and music) may require more strict standards regarding dress and personal appearance for participants in their program or activity. The principal, working with appropriate staff members, must approve the dress and grooming expectations for student participants in school-sponsored extracurricular activities. Students will be permitted to wear apparel considered appropriate, reflecting ideals consistent with and promoting the qualities of good education. The following dress and grooming requirements are the expectations for all school-sponsored events. The building administrator may exclude any student, when, in his/her judgment, the apparel is not consistent with the standards established below by Board policy. Violations of the dress code could result in removal from class or school-sponsored activity until the violation can be resolved and/or disciplinary action taken.

Dress Code Standards

Footwear: Appropriate footwear must be worn to provide for the health and safety of the student and others in the school. Slippers are not appropriate.

Shirts, Tops and Jackets: The following guidelines are established to avoid situations where shirts, tops and/or jackets materially interfere with school work, create disorder, or disrupt the educational program. Shirts and tops must have high enough necklines to cover all cleavage. Shirt sleeves, sweater sleeves, and vests must not be so loose or decorative as to create a safety hazard in lab classes, etc. Sleeveless shirts must be 2 ½ inches in width from the base of the neck to the top of the arm, cannot have oversized arm holes or open sides and cannot expose undergarments or skin under the arm. (no razor backed tank tops). Examples of inappropriate apparel include but are not limited to: halters, midriff tops, crop tops, spaghetti strap tops, strapless tops, revealing and/or see-through tops, open mesh garments, garments with open sides which expose skin or undergarments, tank tops and muscle tops (oversized arm holes). No skin should be visible between a student's top and bottom garment when the student sits, stands, raises his/her hand or bends over. Winter coats are not permitted to be worn during the instructional day.

Pants and Other Lower Garments: The following guidelines are established to avoid situations where pants and/or lower garments materially interfere with school work, create disorder, or disrupt the educational program. Lower garments are to be worn at the appropriate level. Lower garments are not permitted to sag or droop. Lower garments should not allow any portion of the buttocks or undergarments to be exposed when the student sits, stands, raises his/her hand, or bends over. Holes, slits or vents in skirts, dresses or other lower garments may not extend above six inches from the top of the knee cap (this includes athletic shorts). This is to serve as a general guideline. However, when considering whether attire creates disorder or disrupts the educational program, administrators will make a judgment on the appropriateness of attire taking into account issues such as age, developmental stages, and body type. Form fitting lower garments such as leggings, yoga pants, biking, spandex and lycra-type shorts or pants may be worn with tops that are at least six inches above the top of the knee cap

Items containing obscene, illicit or offensive writing or images: A student's clothing and other personal items that include writing or images that are obscene, sexual, derogatory, discriminatory, double meaning, promote tobacco, alcohol, drugs or that could potentially interfere with school work, create disorder, or disrupt the educational program are prohibited. Suggestive phrases, designs, markings, or profanities are also prohibited. Items containing the image of the confederate flag are strictly forbidden.

Jewelry and Chains: Exposed chains or chains on wallets, jewelry, dog collars, spikes, and other articles present a hazard to the safety of the student or to others in the school, and are prohibited.

Makeup and Hairstyles: Excessive or extreme makeup, hair colorings or hair styles that interfere with school work, create disorder, or disrupt the educational program are prohibited.

Exceptions: Exceptions to the above dress code will be considered to provide for special events and to promote school spirit. Students and/or sponsors must have permission from the principal prior to the activity.

Appeals: Students, with parent permission, may elect to appeal the limitations described in the code. The administrators will process student and parent requests for exceptions to the code. Parent attendance at the appeal conference is necessary for an administrator to consider an exception to the code.
