Letter from the Superintendent:

It is a great time to be a Warrior!

This fall has certainly proved to be a great time for the Warriors. This fall we won four CBC league titles and our band has qualified for its third straight state competition! We have implemented several initiatives to increase student achievement and we continue to improve our use of technology. However, the most exciting news might be the building of a new athletic complex.

As I reported last spring, there were several items still needed to complete the campus and an athletic complex was at the top of the list. We have a need for appropriate locker room and training space as well as additional storage out by the athletic fields. The Board of Education was presented with a plan to fund the athletic complex and they voted unanimously to move forward with its construction.

Dave Bollheimer, Treasurer of Northwestern Schools, was able to work with 5/3 Securities to develop a lease plan that would allow us to use our Permanent Improvement levy money to make payments on a new athletic complex. The plan is very similar to what we did years ago to remodel the old elementary school. Permanent Improvement levies are designed specifically to purchase items which will last longer than five years, fund improvements to structures already in place, or to build new facilities. These monies are generally used to build things or purchase things that help us educate our students, the key being that the money must be used for things that are "permanent." We cannot use Permanent Improvement monies to fund salaries, benefits, or supplies. Because we have new buildings, this is the perfect time to use Permanent Improvement money to build an athletic complex. We often hear about government agencies mismanaging money. Northwestern is using its money for the exact purpose the money was intended, and the best part is that it will not raise taxes or take money away from educating our students!

Come join us this winter at one of our many events. Come and feel the enthusiasm and pride our students have as we celebrate what it means to be a Warrior.

IT IS A GREAT TIME TO BE A WARRIOR!

ELEMENTARY NEWS:

Northwestern Elementary has started a STEM lab/makerspace for the kids to explore engineering ideas and more. During the last couple of months Kindergarten and First graders have built bridges after hearing Igggy Peck; Architect and then investigated constructing trees to see what would hold the most letters after reading

Chicka, Chicka, Boom, Boom. Second graders used the book Build Up to explore different structures and then built structures with spaghetti and marshmallows. They estimated the amount of building materials they would use and then counted the finished products. Third graders built roller coasters in their Science classes and discussed the ideas of gravity and speed and then built catapults to "Pumpkin Chuck".

Fourth graders took on the Marshmallow Challenge. Who could build the tallest tower using 20 pieces of spaghetti? The tower needed to be free standing and hold a marshmallow at the top. They had several things to do with the data they collected in their math classes.

If you have visited the schools this fall, you may have noticed that we have implemented new practices for visitors. If you plan to visit any of our buildings during school hours, please be ready to provide your state issued photo ID. We appreciate your cooperation and support to keep children safety at the utmost importance.

MEMORIAL TREES

Our fall planting is underway. For anyone interested in purchasing a memorial tree or a memorial brick, please contact Andrea Cox at the Board of Education Office.

The Ohio Valley Chapter of the National Academy of Television Arts & Sciences is proud to announce the Student Production Award recipients.

The Student Production Award competition received entries from colleges, universities and high schools across the chapter's 4-state region. Industry professionals judged and critiqued the entries which showcased a wide range of talent from these future broadcasters and media producers. "The work of our region's students continues to impress the professionals who judge their submissions," said Leslie Blackston-Favors, High School Student Awards Chairman for the Ohio Valley Chapter. Congratulations to those who have been honored this year. We're proud to have the opportunity to encourage and mentor these dynamic students." The awards were presented during the chapter's annual Emmy® Awards Gala, August 5, 2017 at the Lawrenceburg Event Center in Lawrenceburg, Indiana. About the Ohio Valley Chapter, The Ohio Valley Chapter of the National Academy of Television Arts & Sciences was established in 1962. It is dedicated to the advancement of the arts and sciences of television and the promotion of creative leadership for artistic, educational and technical achievements within the television industry. The Chapter presents the prestigious and coveted Emmy® Award to television professionals in thirteen markets in Indiana, Kentucky, Ohio and West Virginia, honors industry trailblazers with the Silver and Gold Circle and makes scholarships available to students

L to R: Teacher Brian Stevens,
Senator Hackett, Teacher Emily Dixon-Kays

In collaboration with the Ohio Education Association, Northwestern Jr./Sr. High had the privilege of hosting Senator Bob Hackett (Ohio Senate District 10) on Monday, October 23, 2017. The Senator presented to Mr. Brian Stevens' 9th grade Advanced American History students and to Mrs. Dixon-Kays' Advanced Government students. Mr. Hackett presented an overview of state government and his personal story. He fielded student's questions as well. Students had an outstanding opportunity to interact with Senator Hackett and hear about bills currently being discussed in the Senate.

Members of the Northwestern FFA traveled to Indianapolis for the 90th FFA Convention. One of the stops on their trip was a visit to Emmerich Manual High School Agricultural Education Program in downtown Indianapolis. While there, members talked to other members about the differences and similarities in their programs, enjoyed a meal and activities together. Other highlights of convention were a stop and scavenger hunt at Jungle Jim's, the FFA career show and Convention Sessions.
